PROFESSIONAL SUMMARY

Aspiring Full-Stack Developer and Cybersecurity Enthusiast with hands-on experience in MERN stack development, web application security, and deploying web applications. Skilled in building responsive applications using React.js, Node.js, Express.js, MongoDB, and Tailwind CSS, with knowledge of OWASP Top 10 and Web Application Penetration Testing. Seeking an entry-level opportunity to contribute to software development and security while growing toward a career in DevSecOps.

EDUCATION

Bachelor of Science (B.Sc.) in Information Technology

Amity University Jharkhand | Currently Pursuing, 3rd Semester | CGPA: 8.92/10 | Expected Graduation: 2028

Bachelor of Arts (B.A.) in Political Science

St. Xavier's College, Ranchi | 2018–2021 | Percentage: 63.92%

TECHNICAL SKILLS

Programming Languages: C, C++, Java, JavaScript

Web Development: HTML, CSS, React.js, Node.js, Express.js, Tailwind CSS, MERN Stack

Databases: MongoDB, Mongoose, MySQL, SQL

Cybersecurity: Web Application Penetration Testing (WAPT), Bug Bounty, OWASP Top 10, Web Security

Cloud & Deployment: AWS, Vercel, Render

Tools: Git, GitHub, Git Bash, VS Code, Postman, MongoDB Compass

PROJECTS

EventHub – MERN Event Management Platform | React.js, Node.js, Express.js, MongoDB, Mongoose, Tailwind CSS, Axios, JWT, Nodemailer | Aug 2026

- Developed a full-stack event management platform using the MERN stack for browsing, booking, and managing events.
- Implemented user booking workflows and an admin dashboard for creating events, managing bookings, and manually confirming requests.
- Integrated JWT-based authentication and Nodemailer email notifications for booking confirmations and platform workflows.
- Built responsive interfaces with React.js and Tailwind CSS and connected frontend and backend services through REST APIs.

Netflix Clone | HTML, Tailwind CSS, JavaScript | Aug 2026

- Developed a responsive Netflix-inspired streaming interface with modern movie and TV content presentation.
- Implemented responsive layouts and reusable UI components for different screen sizes.
- Focused on recreating a modern streaming-platform user experience.

Swiggy Clone | React.js, Tailwind CSS, JavaScript | Aug 2026

- Developed a responsive food-delivery interface inspired by Swiggy.
- Implemented restaurant and food listing interfaces with location-focused UI and navigation.
- Used React.js and Tailwind CSS to create a responsive, component-based frontend.

Personal Portfolio Website | React.js, Node.js, Express.js, MongoDB | 2026

- Developed and deployed a personal portfolio using the MERN stack with project showcases, skills, certifications, and a contact form.
- Deployed the frontend using Vercel and backend services using Render.

CERTIFICATIONS

- Diploma in Information Technology — Institute for Technical & Vocational Training (Argus Academy), Ranchi | 2024 | Grade: A+
- MERN Full Stack Development — Briztech Infosystems Pvt. Ltd., Ranchi | 2025 | Grade: A+

HACKATHONS

Hack Horizon 2.0 — Certificate of Participation | ARKA JAIN University, Jharkhand | April 2026

24-Hour National-Level Hackathon

ADDITIONAL INFORMATION

Career Goal: DevSecOps Engineer

Areas of Interest: Full-Stack Development, Cybersecurity, Cloud Computing, Networking, DevSecOps
